# SAVE THOUSANDS EACH YEAR WITH SOLAHART SOLAR SOLUTIONS

Switching to solar energy is one of the smartest financial decisions you can make for your home. At Solahart, our solar systems are designed to provide maximum savings and efficiency.

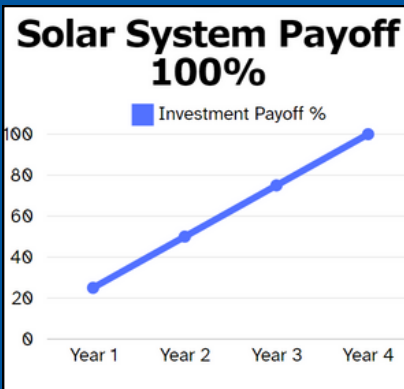

## SOLAR PANELS

- Save an average of **\$2,000 to \$2,500 per year** on your energy bills with Solahart solar panels.
- Advanced solar technology maximizes energy production, reducing reliance on the grid.
- Thousands of households enjoy substantial savings and a more sustainable lifestyle.

## SOLAR HOT WATER SYSTEMS

- Upgrade and save an additional **\$750 to \$1,100 per year** with our solar hot water systems.
- Heating water accounts for a significant portion of your home's energy use.
- Solahart's systems use the sun's energy to heat water, cutting down on electricity or gas consumption.
- Efficient, reliable, and easy to maintain, providing consistent savings year after year.

## FAST RETURN ON INVESTMENT

- Your solar system could **pay for itself within 4 years**, making it a smart investment.
- Initial cost is quickly offset by substantial savings on energy bills.
- Government incentives, financing options, and long product lifespan enhance financial benefits.
- Investing in Solahart is a strategic move for long-term financial savings and a greener future.

# POWERING AUSTRALIA TOWARDS A SUSTAINABLE FUTURE

Solahart is at the forefront of Australia's solar revolution, having installed over 1 million solar panels nationwide. Our solar panels are projected to produce an impressive 494,000 MW of energy annually, equivalent to powering thousands of homes each year. Australians collectively save over \$100,000 in energy costs every day thanks to Solahart's commitment to providing reliable, cost-effective solar solutions. Join us in making a significant impact on energy savings and sustainability across the country with Solahart.

## OVER 1 MILLION SOLAR PANELS INSTALLED

- Solahart has installed **over 1 million** solar panels across Australia.
- Trusted by homeowners nationwide for quality and reliability.

## PROJECTED ENERGY PRODUCTION

- Solahart's solar panels are projected to produce **494,000 MW per year**.
- Enough energy to power hundreds of thousands of homes.

## DAILY SAVINGS FOR AUSTRALIANS

- Australians collectively save over **\$100,000 every day** with Solahart's solar systems.
- Making a substantial difference in household budgets and the economy.

# INDUSTRY-LEADING 30 YEAR WARRANTIES

Enjoy our industry-leading 30-year warranty on installed solar panels.

Assurance of quality and durability for decades to come.
